Write out the verse or passage word-for-word. Slow down. Notice the words your eyes usually skip.

O — Observation

What is happening? Who is speaking? What repeats? What surprises you? What questions does this raise?

A — Application

How does this passage speak to your life today? What is one specific way you can live it out this week?

P — Prayer

Turn what you learned into a prayer. Thank God, confess, ask, listen.
